Brigadiers Penny and Hicks Commanded the 2d Brigades of Major General Sir Harry Smith's Division, and overcame at their head the most formidable opposition. I beg to bring both in the most earnest manner to your notice, trusting that Brigadier Penny's active services will soon become once more available.

The manœuvres of Brigadier Cureton's Cavalry, in attracting and fixing the attention of Rajah Lall Sing Misr's Horse, fulfilled every expectation which I had formed, and were worthy of the skill of the Officer employed, whose prominent exploits at the battle of Aliwal, I have recently had the honor to bring to your notice.

Brigadier Scott, C. B., in command of the 1st Brigade of Cavalry, had the rare fortune of meeting and overcoming a powerful Infantry in the rear of a line of formidable Field works. I have to congratulate him on the success of the Noble Troops under him, and to thank him for his own meritorious exertions. I am quite certain that your Excellency will bear them in mind.

Brigadier Campbell's Brigade was less actively employed; but all that required of it was most creditably performed. The demonstration on the Enemy's left by the 9th Lancers, towards the conclusion of the battle, was made in the best order under a sharp cannonade.

Brigadier Gowan, C. B., deserves my best thanks for his able arrangements, the value of which was so fully evinced in the first hour and a half of this conflict, when it was almost exclusively an Artillery fight. Brigadiers Biddulph, Brooke and Dennyss supported him in the ablest way throughout the day, and have given me the most effectual assistance under every circumstance of the Campaign.

The effective practice of our Rockets on the wing, under Brigadier Brooke, elicited my particular admiration.

Brigadier Smith, C. B., had made all the dispositions in the Engineer Department, which were in the highest degree judicious and in every respect excellent. On the evening of the 9th instant, Brigadier Irvine, whose name is associated with one of the most brilliant events in our Military history, the capture of Bhurtpore, arrived in Camp. The command would of course have devolved on him; but with that generosity of spirit which ever accompanies true valour and ability, he declined to assume it, in order that all the credit of the work which he had begun, might attach to Brigadier Smith;—For himself, Brigadier Irvine sought only the opportunity of sharing our perils in the field, and he personally accompanied me througout the day. Brigadier Smith has earned a title to the highest praise which I can bestow.

To the General Staff I am in every way indebted. Nothing could surpass the activity and intelligence of Lt. Coll. Garden and Major Grant, who are the heads of it, in the discharge of the duties of their Departments, ever very laborious, and during this Campaign almost overwhelming. Both yet suffer under the effects of wounds previously received. Lt. Coll. Drummond, C. B., Dy. Qr. Mr. Genl., and Lt. Arthur Becher, Dy. Asstt. Qr. Mr. Genl., ably supported the former, and the exertions of Captains Anson and Tucker, Asstts. Adjt. Genl., have been most satisfactory to the latter and to myself.

Lt. Coll. Parsons, Dy. Comy. Genl., has evinced the most successful perseverance in his important endeavors to supply the Army. He has been ably aided at Head Quarters by Major W. F. Thompson, C. B. and Major Curtis, Sub-Asstts. Comy. General; all three of these Officers were most active in conveying my orders in the Battle of Sobraon in the face of every danger. I have, in the most explicit way, to record the same intelligence and ability, and the same activity and bravery, in the case of Lt. Coll. Birch, Judge Advocate General, both as respects Departmental duties, and active attendance on me in the field. I have already spoken of the loss which I have sustained by Lt. Colls. Gough and Barr being wounded. The exertions of both in animating our Troops in moments of emergency, were laudable beyond my power to praise. Lt. Sandys, 56th Regt. N. I., Post Master of the Force, assisted in conveying my orders. Supg. Surgeon B. Macleod, M. D., has been indefatigable in the fulfilment of every requirement of his important and responsible situation. I am entirely satisfied with his exertions and their results. I must bring to notice also the merits of Field Surgeon, J. Steel, M. D., and Surgeon Graham, M. D., in charge of the Depôt of Sick.

I was accompanied during the action by the following Officers of my personal Staff: Captain the Hon'ble C. R. S. West, H. M.'s 21st Foot, Offg. Mily. Secretary; (Captain Haines, for whom he acts, still being disabled by his severe wound) Lt. Coll. H. Havelock, C. B., H. M. 39th Foot, Persian Interpreter; Lt. Bagot, 15th N. I., Lieutt. Edwardes, 1st European Lt. Infy., and Cornet Lord James Browne, 9th Lancers, my Aides-de-Camp; and Assistt. Surgeon J. E. Stephens, M. D., my Medical Officer. All these Officers assisted in conveying my orders to various points, in the thickest of the fight and the hottest of the fire, and to all of them I feel greatly indebted.

I have to acknowledge the services in the Command of Regiments, Troops and Batteries, or on select and particular duties in the Engineer Department, of the following Officers, and to recommend them to your Excellency's special favor, viz. Major F. Abbott, who laid the Bridge by which the Army crossed into the Punjab, and who was present at Sobraon, and did excellent service; Captain Baker and Lieutt. John Becher, Engineers, who conducted Brigadier Stacy's column, (the last of these was wounded) Lieutt. Coll. Wood, Artillery, Comdg. the Mortar Battery; Major Lawrenson, Comdg. the 18-pounder Battery; Lt. Coll. Huthwaite, the 8-inch Howitzer Battery; and Lt. Coll. Geddes, Comdg. the Rockets; Captain R. Waller, H. A.; Captain G. R. Swinley, Captain E. F. Day, Captain J. Turton, Brevet Major C. Grant, Bt. Lt. Coll J. Alexander, Bt. Major F. Brind, Bt. Lt. Coll. J. T. Lane, Bt. Major G. Campbell, Captain J. Fordyce, Captn. R. Horsford and Lt. G. Holland, Comdg. Troops and Batteries. Major B. Y. Reilly, Comg. Sappers and Miners; Lt. Coll. White, C. B., Comg. 3d Lt. Dragoons: Captn. Nash, 4th Lt. Cavalry, Major Alexander, 5th Lt. Cavalry; Captain Christie, 9th Irregular Cavalry; Lt. Coll. Fullerton, 9th Lancers; Captain Leeson, 2d Irregr. Cavy.; Bt. Captn. Becher, 8th Irregr. Cavy.; Captain Pearson, 16th Lancers; Bt. Captain Quin, Gov. Genl.'s Body Guard; Bt. Major Angelo, 3d Lt. Cavy.; Lt. Coll. Spence, 31st Foot; Captain Corfield, 47th N. I.; Bt. Lt. Coll. Ryan and Bt. Lt. Coll. Petit and Captain Long, 50th Foot; Major Polwhele, 42d Regt. N. I.; Captain O'Brien and Lieutt. Travers, Nusseerce Battn.; Captn. Stepney, 29th Foot; Major Sibbald, 41st Regt. N. Bunbury, 80th Foot; Captn. Hogan, 63d N. I.; Captn. Sandeman, 3d N. I.; Lieutt. Coll. Franks, 10th Foot; Bt. Lt. Coll. Nash, 43d Regt. N. I.; Lt. Coll. Thompson, 59th Regt. N. I.; Lt. Coll. Phillips, 53d Foot; Major Shortt, 62d Foot; Bt. Major Marshall, 68th Regt. N. I.; and Captain Short, 45th Regt. N. I.

The following Staff and Engineer Officers I have also to bring to your special notice, and to pray that their services may be favorably remembered and the survivors duly rewarded; viz. Captain E. Christie, Dy. Asstt. Adjt. Genl., and Lt. Maxwell, Dy. Asstt. Qr. Mr. Genl. of Artillery, and Captain Pillans and Bt. Capt. W. K. Warner, Commissaries of Ordnance; Bt. Capt. M. Mackenzie, and Bt. Capt. E. G. Austin and 1st Lt. E. Kaye, Arty., Majors of Brigade; Captain R. Napier, Major of Brigade of Engineers, Capt. Tritton, 3d Lt. Dragoons, Dy. Assist. Adjt. Genl.; Lt. E. Roche, 3d Dragoons, A. D. C. to Major Genl. Sir J. Thackwell, and Offg. Dy. Asstt. Qr. Mr. Genl. of Cavalry, in the place of Capt. Havelock, 9th Foot, who was present in the field, but unable from the effects of a wound to discharge the duties of his Office; Capt. E. Lugard, 31st Foot, Dy. Asstt. Adjt. Genl.; Lieutt. A. S. Galloway, 3d Lt. Cavalry, Dy. Asstt. Qr. Mr. Genl.; Lt. E. A. Holdich, 80th Foot, A. D. C. to Major Genl. Sir Harry Smith; Lt. F. McD. Gilbert, 2d Gredrs. Acting A. D. C. to Major Genl. Pond, 1st Euro. Lt. Infy., Dy. Asstt. Adjt. Genl; Lieutt. J. J. Paton, 14th Regt. N. I., Offg. Dy. Asstt. Qr. Mr. Genl.; Bt. Capt. Harrington, 5th Lt. Cavalry; Capt. A. Spottiswoode, 9th Lancers; Lt. R. Pattenson, 16th Lancers; Capt. J. Garvock, 31st Foot; Lt. G. H. M. Jones, 29th Foot; Capt. J. L. Taylor, 26th Lt. Infy.; Lt. H. F. Dunsford, 59th Regt. N. I.; Majors of Brigade; Captain Combe, 1st Euro. Lt. Infy., Major of Brigade, 2d Brigade; Capt. Gordon, 11th N. I., Major of Brigade, 6th Brigade, Capt. A. G. Ward, 68th N. I., Major of Brigade, and Lt. P. Hay, Major of Brigade, (killed.)

Having ventured to speak of your Excellency's own part in this action, it would be most gratifying to me to go on to mention the brilliant share taken in it by Lt. Coll. Wood and the Officers of your personal Staff, as well as by the Civil, Political and other Military Officers attached to you. But as these were all under your own eye, I cannot doubt that you will yourself do justice to their exertions.

We were in this battle again honored with the presence of Prince Waldemar of Prussia and the two Noblemen in his suite, Counts Oriola and Greuben: Here as at Moodkee and Ferozeshah, these distinguished visitors did not content themselves with a distant view of the action, but throughout it were to be seen in front wherever danger most urgently pressed.

The loss of the Enemy has been immense. An estimate of it must be formed with a due allowance for the spirit of exaggeration which pervades all statements of Asiatics, where their interests leads them to magnify numbers. But our own observation on the river banks, and in the Enemy's Camp, combined with the reports brought to our Intelligence Department, convince me that the Khalsa casualties were between eight and ten thousand men killed and wounded in action and drowned in the passage of the river. Among the slain are Sirdars Sham Sing Attareewalla, Generals Golab Sing, Koopta and Heera Sing Topee, Sirdar Kishen Sing, son of the Jemadar Khooshall Sing, Generals Moobaruck Ally, and Ellahee Bux, and Shah Newaz Khan, son of Futteh-ooddeen Khan of Kussoor. The body of Sham Sing was sought for in the captured Camp by his followers; and, respecting the gallantry with which he is reported to have devoted himself to death rather than accompany the Army in its flight, I forbad his people being molested in their search, which was finally successful.

The consequences of this great action have yet to be fully developed. It has at least, in God's Providence, once more expelled the Sikhs from our Territory, and planted our Standards in the soil of the Punjab. After occupying their entrenched position for nearly a month, the Khalsa Army had perhaps mistaken the caution which induced us to wait for the necessary materiel, for timidity. But they must now deeply feel that the blow which has fallen on them from the British Arm has only been the heavier for being long delayed.

I have, &c.,

(Sd.) H. GOUGH, *General,*
Commander in Chief, East Indies.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

CAMP LAHORE,

THE 20TH FEBRUARY, 1846.

The Right Honorable the Governor General requests that the Commander in Chief will cause the following arrangements to be made for Escorting His Highness the Maha Raja Duleep Sing to his Palace in the Citadel of Lahore this afternoon. The Escort will consist of

2 Regiments of European Cavalry.
2 Regiments of Native Cavalry—the Body Guard to be one.
1 Regiment of Irregular Horse.
2 Troops of Horse Artillery—1 European—1 Native.

The Secretary to the Government of India, F. Currie, Esquire, will take charge of His Highness, and his Suite, and will be accompanied by the Political Agent Major Lawrence, the Governor General's Private Secretary Charles Hardinge, Esquire, the A. D. C. of the Governor General, two A. D. C. of the Commander in Chief, one A. D. C. from each General Officer of a Division in Uniform.

The Escort will be formed at the nearest convenient spot to the Governor General's Camp at 2 o'Clock, and proceed to His Highness' Camp and thence to his Palace.

On alighting from his Elephant a salute of 21 Guns will be fired by the Horse Artillery.

His Highness the Maha Raja of the Sikh Nation, selected by the Chiefs as their Sovereign, having on the 18th instant intimated his intention to proceed to the Governor General's Camp at Lulleeana, attended by His Highness' Wuzeer Raja Golab Sing and other Chiefs, was received in Durbar on the afternoon of that day by the Governor General, the Commander in Chief and the Staff being present. His Highness' Minister and Chiefs there tendered his submission, and solicited the clemency of the British Government.

The Governor General extended the clemency of the British Government to a Prince the descendant of the Maha Raja the late Runjeet Sing, for so many years the faithful Ally and Friend of the British Government, as the representative of the Sikh Nation selected by the Chiefs and the People to be their Ruler, on the condition that all the Terms imposed by the British Government, and previously explained to His Highness' Minister and Chiefs, should be faithfully executed.

On withdrawing from the Durbar the Maha Raja received the usual Salutes due to His Highness' exalted rank.

His Highness has since remained near the Governor General's Camp, and as it will be conducive to His Highness' comfort that he should rejoin his family, the Governor General desires that he may, with all honor and in safety, be conducted by the British Troops to the Gates of his Palace this day.

The following Proclamation was issued on the 16th instant by the Governor General, promising protection to all persons at Lahore and elsewhere who peaceably continue in their usual employments of trade and industry.

The Governor General is satisfied, after the experience of this Campaign, that he can rely on the discipline of this invincible Army, as fully and securely as he has always been confident that the day of battle under their distinguished Commander would be one of Victory.

He trusts at present that no Officers or Soldiers will pass the advanced Sentries of their Encampment to enter the Town of Lahore, and he requests His Excellency the Commander in Chief to give the necessary instructions to carry this Order strictly into effect, as well as to protect all persons bringing provisions into Camp.

By Order of the Right Honorable the Governor General of India,

F. CURRIE,
Secretary to the Govt. of India,
with the Governor General.

PROCLAMATION BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

CAMP LULLEEANA,
THE 18TH FEBRUARY, 1846.

The Chiefs, Merchants, Traders, Ryots and other Inhabitants of Lahore and Umritsir are hereby informed, that His Highness Maha Raja Duleep Singh has this day waited upon the Right Hon'ble the Governor General and expressed the contrition of himself and the Sikh Government for their late hostile proceedings. The Maha Raja and Durbar having acquiesced in all the Terms and Conditions imposed by the British Government, the Governor General has every hope that the relations of friendship will speedily be re-established between the two Governments. The Inhabitants of Lahore and Umritsir have nothing to fear from the British Army. The Governor General and the British Troops, if the Conditions above adverted to are fulfilled, and no further hostile opposition is offered by the Khalsa Army, will use their endeavours for the re-establishment of the Government of the descendant of Maha Raja Runjeet Singh, and for the protection of its subjects.

The Inhabitants of the Cities in the Punjab will, in that case, be perfectly safe in person and property from any molestation by the British Troops, and they are hereby called upon to dismiss apprehension and to follow their respective callings with all confidence.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,
Secy. to the Govt. of India,
with the Governor General.

TO THE RIGHT HONORABLE SIR HENRY HARDINGE, G. C. B.,
Governor General of India.

RIGHT HON'BLE SIR,

I have the honor to state for the information of your Excellency, that in accordance with the instructions contained in the Order of the Governor General of yesterday's date, I proceeded in the afternoon with the Escort ordered, and accompanied by the Officers noted in the margin, on Elephants, to conduct the Maha Raja Duleep Singh to his Palace in the Citadel of Lahore. The procession was arranged in the following order:

Major Lawrence, the Governor General's Poll. Agent.
W. Edwards, Esq., Under Secretary, Foreign Department.
R. Cust, Esq., Assistant Secretary, Foreign Department.
C. Hardinge, Esq., Private Secretary, Governor General.
Lieutt. Coll. Wood, Military Secretary, Governor General.
Captain Cunningham.
Captain Hardinge, } Aides-de-Camp to Governor General.
Captain Grant, }
Lord Arthur Hay, }
Captain Mills, }
Captain Bagot, } Aides-de-Camp to Commander-in-Chief.
Captain Edwardes, }
Captain Gilbert, A. D. C. to General Gilbert.
Captain Tottenham, A. D. C. to General Smith.
Lieutt. Coll. Irvine, } Engineers.
Lieutt. Coll. Smith, }
Captain Napier, }
Captain Smith, }

9th Irregular Cavalry.
3d Light Cavalry.
Her Majesty's 16th Lancers.
Troop Horse Artillery, Europeans.
Troop Horse Artillery, Natives.
Her Majesty's 9th Lancers.
The Secretary with the Maha Raja and Suite.
The Governor General's Body Guard.

The Escort was formed in open Column of Troops left in front—Commanded by Brigadier Cureton, C. B.

We proceeded in this order to the encampment of the Maha Raja, about 1½ miles from our Picquets and nearly the same distance from the Citadel Gate of the City.

At about ¾ of a mile from the Maha Raja's Camp I was met by the Minister Raja Golab Singh, and some of the Chiefs.

Intimation of our approach was then sent on to the Maha Raja, that he might be ready on his Elephant upon our arrival.

On reaching the Maha Raja's Camp the Troops of our Escort drew up, and the Maha Raja with Bhaee Ram Singh on the same Elephant, came forward from his Tent, accompanied by several Chiefs.

After the usual salutation and complimentary questions and replies, I placed the Maha Raja's Elephant next to mine, and the Troops having fallen in, as at first, proceeded round the Walls of the City to the Gate of the Citadel.

On arriving, Brigadier Cureton drew up the Escort in line in front of the Gate-way, and I took the Maha Raja, accompanied by the Officers enumerated in the former part of this Letter, with Raja Golab Sing and the other Chiefs, into the interior of the Citadel, and to the inner door of his Palace.

I then observed to the Maha Raja and Chiefs, that by order of the Right Hon'ble the Governor General I had thus brought the Maha Raja, conducted by the British Army, to his Palace, which His Highness had left for the purpose of tendering submission to the British Government, and for placing himself, his Capital and his Country at the mercy of the Governor General, and requesting pardon for the insult that had been offered, and that the Governor General had thus restored him to his Palace as a mark of the favor which he desired to shew to the descendant of the late Maha Raja Runjeet Singh.

A Salute of 21 Guns was then fired by the Horse Artillery.

We then took leave of the Maha Raja at the gate of his Palace, and returning to the outside of the City, we, continuing our progress round Lahore, thus returned to our Camp.

As our Camp is situated opposite the South East end of the City face, and the Citadel is immediately within the City Walls, at the North North West angle, we made the entire circuit of Lahore. I considered this preferable to going through the City, the streets of which are very narrow and would have much impeded the progress of our large Escort.

We did not see one Gun upon any part of the walls, all their embrasures were empty.

I have the honor to be,
Right Hon'ble Sir,

HEAD QUARTERS, ARMY OF THE SUTLEJ, IN FRONT OF LAHORE,
22d February, 1846.

RIGHT HON'BLE SIR,

I have now to offer my congratulations on some of the earliest fruits of our Victory of the 10th instant. About noon on the 20th, a day henceforth very memorable in our Indian Annals, the Army under my command pitched its tents on the plain of Myan Meer, under the Walls of the Sikh Capital. The entire submission of the Maharaja, and his advisers, to the will of the British Government, had been before personally tendered to you, and graciously accepted; and this morning, in fulfilment of one of the conditions which your wisdom had dictated for the real interests of the Ruler and people of the Punjab, I had the honor to conduct a Brigade of Troops to the City, which took formal possession of the Badshahee Musjed and Hoozooree Bagh, forming part of the Palace and Citadel of Lahore. I trust, by the observance of a strict discipline, to preserve unshaken that confidence which the people of the City and Country around it evidently repose in the generosity, clemency, and good faith of their Conquerors. Supplies of all sorts are willingly brought to our Camp, and punctually paid for; and I believe that, by every class of persons in this vicinity, the presence of our Troops is felt to be a national benefit; none certainly have had real cause to lament it as a calamity.

I have, &c.,

GENERAL ORDER BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

Camp Lahore,

THE 22ND FEBRUARY, 1846.

The British Army has this day occupied the Gate-way of the Citadel of Lahore, the Badshahee Mosque, and the Huzooreebagh.

The remaining part of the Citadel is the residence of His Highness the Maha Raja, and also that of the families of the late Maha Raja Runjeet Singh, for so many years a faithful Ally of the British Government. In consideration of these circumstances, no Troops will be posted within the precincts of the Palace Gate.

The Army of the Sutlej has now brought its operations in the field to a close by the dispersion of the Sikh Army and the Military occupation of Lahore, preceded by a series of the most triumphant successes ever recorded in the Military History of India. The British Government, trusting to the faith of Treaties, and to the long subsisting friendship between the two States, had limited Military preparations to the defence of its own frontier.

Compelled suddenly to assume the offensive, by the unprovoked invasion of its Territories, the British Army, under the Command of its distinguished leader, has, in sixty days, defeated the Sikh Forces in four general Actions—has captured 220 pieces of Field Artillery—and is now at the Capital dictating to the Lahore Durbar the terms of a Treaty, the conditions of which will tend to secure the British Provinces from the repetition of a similar outrage.

The Governor General being determined, however, to mark with reprobation the perfidious character of the War, has required, and will exact, that every remaining piece of Sikh Artillery which has been pointed against the British Army, during this Campaign, shall be surrendered.

The Sikh Army, whose insubordinate conduct is one of the chief causes of the anarchy and misrule which have brought the Sikh State to the brink of destruction, is about to be disbanded.

The Soldiers of the Army of the Sutlej have not only proved their superior prowess in Battle, but have, on every occasion, with subordination and patience, endured the fatigues and privations inseparable from a state of active operations in the field. The Native Troops of this Army have also proved, that a faithful attachment to their Colors and to the Company's Service is an honorable feature in the character of the British Sepoy.

The Governor General has repeatedly expressed on his own part and on that of the Government of India, admiration and gratitude for the important services which the Army has rendered.

The Governor General is now pleased to resolve, as a testimony of the approbation of the Government of India of the Bravery, Discipline and Soldier-like bearing of the Army of the Sutlej, that all the Generals, Officers, Non-Commissioned Officers and Privates shall receive a Gratuity of Twelve Months Batta.

Every Regiment which, in obedience to its orders, may have remained in Posts and Forts between Loodiana and Ferozepore, and was not present in Action, as in the case of the Troops ordered to remain at Moodkee to protect the wounded, and those left in the Forts of Ferozepore and Loodiana, shall receive the Gratuity of Twelve Months Batta.

Obedience to orders is the first duty of a Soldier, and the Governor General, in affirming the principle, can never admit that absence caused by the performance of indispensable duties, on which the success of the operations in the field greatly depended, ought to disqualify any Soldier placed in these circumstances, from participating in the Gratuity given for the general good conduct of the Army in the field.

All Regiments and Individuals ordered to the Frontier, and forming part of the Army of the Sutlej, which may have reached Loodiana or Bussian before the date of this Order, will be included as entitled to the Gratuity.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

A Series of Maps of the Districts of the North Western Provinces on an uniform scale of 4 miles to 1 inch. Each District will be contained (with few exceptions) in a single conveniently sized sheet, or where the Area does not admit, in two or more equally sized sheets to allow of the whole being bound up as an Atlas of the North Western Provinces.

The materials from which these Maps are compiled, are those furnished by the Revenue Survey Department; and in addition, the Latitude and Longitude of as many chief points as may be desirable, will be added in a Tabular form, from the Records of the Grand Trigonometrical Survey.—Price 3 Rupees per Colored Sheet,—and as a limited number of copies only will be printed, early application to the Surveyor General's Office in Calcutta is recommended. Parties will be supplied in order of application—and the Maps will be delivered as published, (of which intimation will be given in the Government Gazette) to the Agents of the parties requiring them, and upon payment being made.

Should the present publication prove successful, it is in contemplation to publish a Series of the Bengal Districts, according to the same style and scale.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

STEAM NOTICE.

COMMUNICATION WITH DACCA.

FOR the information of Parties interested in the Communication with Dacca, ordered by Government to be maintained experimentally for one year, from the 1st January last, by the despatch of a Steamer every Twenty-fifth day, the following observations are offered:

One Steamer and one Cargo Boat are assigned for this duty and the Controller of Government Steamers will endeavour to conform punctually to the arrangement and to despatch the Boats from Calcutta as already advertised, on the 2d and, 27th of April, the 22d of May, the 16th of June the 11th of July, the 5th and 29th of August, the 24th of September, the 19th of October, the 14th of November and the 9th December 1846; but as circumstances may occur to interrupt the desired regularity, as accident to either Boat rendering a repair necessary, detention by grounding, &c. &c. parties interested are warned that it is probable such untoward events may not be remedied by the substitution of other Boats, though every exertion will made to do so, and this possibility of detention prevents the Controller from advertising the positive despatch of the returning Boats on a fixed day, until their arrival in Calcutta gives him assurance of keeping the appointed time, but for the information of parties who may not be able to refer to the Notice published on the 14th of February last in advertising the despatch of a Boat the date of her intended succeeding despatch will also be notified.

The Notices will appear in the Calcutta Gazette, the Exchange Gazette, the Bengal Hurkaru, the Calcutta Standard, and such other daily Papers as may conform to the Government rates for advertising.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

PILOT SERVICE.

The following Charges against Mr. Master Pilot J. P. T. Porter, together with the Finding, Sentence and Recommendation of the Court appointed to try him, and the final decision of Government on the case, are published for general information:

CHARGES.

Mr. Master Pilot John Peter Travers Porter placed under arrest on the following Charges, viz.

First Charge.—For neglect of duty in having moored the Ship "Tudor," Captain Mark Johnston Lay, in the Port of Calcutta, in the afternoon of the 29th December last, in a foul berth, and not in a place of safety.

Second Charge.—For disobedience of orders in having moored the Ship "Tudor," as aforesaid, without having given the said Ship thirty (30) fathoms of chain cable each way.

Third Charge.—For disobedience of orders in not having obtained a Certificate from the Commanding Officer of the said Ship "Tudor," on the day she was moored, to the effect that he had moored her in safety with thirty (30) fathoms of cable each way.

Such conduct being in disobedience of the 33d Article of the Rules for the guidance of Running Pilots and in direct contravention of the 3d Article of the Penal Code.

By order, &c.,
(Sd.) JAS. SUTHERLAND,
Secretary.

Fort William,
The 17th January, 1846.

FINDING, SENTENCE AND RECOMMENDATION OF THE COURT.

The Court having maturely weighed and considered all that has been adduced in support of the prosecution as well as what has been brought forward on the defence, is of opinion that Mr. John Peter Travers Porter, Master Pilot, is

Guilty of the First Charge.
Guilty of the Second Charge.
Not Guilty of the Third Charge.

The Court having found Mr. John Peter Travers Porter, Master Pilot, Guilty as above specified, do adjudge him the said Mr. John Peter Travers Porter, Master Pilot, to the loss of rank for fourteen days.

Sd. Hy. PIDDINGTON, *President.*
„ J. J. R. BOWMAN,
Judge Advocate.

Fort William, Master Attendt's Office,
The 2d February, 1846.

In reference to its Finding "Guilty on the first Charge," the Court desire unanimously and most earnestly to recommend Mr. Porter to the favorable consideration of Government, in as much as they consider that his default amounted to an error of judgment alone in mistating his distance from the *Prince of Wales*, and in under-estimating the effect which her foul hawse may have had on the position of her anchors.

In reference to its finding "Guilty" on the second Charge, the Court also desire unanimously to point out that there is an uncertainty about the wording of the Article in the Code for Running Pilots, (No. 33) in as much as the words 30 fathoms each way "amongst Seamen may be applied to 30 fathoms from the" Bitts, or 30 fathoms from the hawse, though the majority have considered that the intention of the Order, referred to 30 fathoms from the hawse, and thus the Vessel was in strictness not moored with 30 fathoms each way.

The Court beg also respectfully but earnestly to bring to the favorable notice of Government the very high character of Mr. Porter in the Service.

WITH reference to the Notification issued by this Office, under date the 15th ultimo—Notice is hereby given for general information, that by orders of the Government of India, the Bombay General Post Office Notification of the 3d idem, fixing extra rates of Postage on Overland Letters and Papers transmitted thence to Calcutta by Express Mail, has been cancelled, and that the ordinary rates only, will, as heretofore, continue to be charged on covers, forwarded by the usual Import Overland Express from that Presidency.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee. .... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce. 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

A Series of Maps of the Districts of the North Western Provinces on an uniform scale of 4 miles to 1 inch. Each District will be contained (with few exceptions) in a single conveniently sized sheet, or where the Area does not admit, in two or more equally sized sheets to allow of the whole being bound up as an Atlas of the North Western Provinces.

Parties will be supplied in order of application—and the Maps will be delivered as published, (of which intimation will be given in the Government Gazette) to the Agents of the parties requiring them, and upon payment being made.

Should the present publication prove successful, it is in contemplation to publish a Series of the Bengal Districts, according to the same style and scale.

EDUCATION.

NOTICE is hereby given, that the next Meeting of Committee for the Examination of Candidates for employment and promotion in the Education Department, will be held in the Hindu College, on Saturday, the 4th of April, at 10 A M. precisely.

Detailed particulars of the nature and extent of the Examination, the number of vacancies in the Department, &c. &c. will be afforded by the Secretary to the Council of Education to all Candidates on personal application.

(By Order,)
FRED. J. MOUAT, M. D.,
Secretary Col. of Edn.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

By order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D.,
Secretary.

Council of Education, The 1st January, 1846.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

February 18, 1846.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered. and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

GOVERNMENT AGENCY.

MUCH inconvenience to the Public Service and to Individuals, frequently arising from Constituents omitting to furnish the Government Agent with the particular Form of Power of Attorney to sell and endorse Government Securities, and from non-observance of the prescribed Forms of the letters of instruction; the Officiating Government Agent begs to draw the attention of Constituents of the Agency to the 13th Clause of the Regulations for its management published in 1810, quoted in the margin, and copied into the Calcutta Directories; and requests that the Rules and Forms laid down may be closely adhered to.

"13th The responsibility of the Hon'ble Company is strictly confined to the cases above specified and to such transactions as shall be conducted according to the prescribed Forms. These Forms will be printed and furnished in blank at the different Presidencies and at the India House to persons desirous of availing themselves of the Agency of the Public Servant, and no other than the Forms so furnished will be received or acted upon by that Officer."

EDUCATION NOTICE.

AN examination will be held in the Medical College, during the early part of April 1846, for the purpose of filling up existing vacancies in the Stipendiary Class of the College. The value of the Stipend is Company's Rupees 8 per mensem, tenable for 5 years. No candidate can be admitted under the full age of 16, or about that of 20 years, on any account whatever.

Every applicant for admission must bring a letter of recommendation from some respectable person, certifying that he is of good character, and worthy of admission to the privilege of studying medicine.

The candidates must present themselves before the Secretary to the College three days prior to the day of examination, with a view to their being identified as the persons really desiring admission.

The preference, in selection, will always be given to those who possess the greatest amount of information in the abovementioned branches of education.

The examination for the admission of Free Students will be held at the same time, and be similar in nature and extent to that specified above.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

GENERAL POST OFFICE NOTIFICATION.

AS the Apartments now occupied by the Post Master General at the General Post Office, will be required for the use of the Office, while the Building is undergoing repair, it is requested that any parties wishing to communicate personally with the Post Master General, will, until further notice, call at his private residence, No. 9, Camac Street.

Post Master General.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz. and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ½ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage,.....	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L J. H. GREY,
Post Master General.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

EXTRAORDINARY.

Published by Authority.

THURSDAY, MARCH 26, 1846.

The Right Honorable the Governor General of India has been pleased to direct the publication, for general information, of the subjoined Extracts from the proceedings of the Government of India, relative to the re-establishment of amicable relations between the British Government and State of Lahore, and the recognition of the independence of Maharaja Golab Sing.

Note of Conference between F. Currie, Esquire, and Major Lawrence on the one part, and the Minister and Chiefs of the Lahore Durbar on the other—8th March, 1846.

The Minister and Chiefs having assembled at the Tent of the Governor General's Agent for the purpose of signing the Treaty, the conditions of which had been previously discussed and determined, produced, on the part of the Maharaja, a letter addressed to Major Lawrence, the Governor General's Agent, of which the following is a translation:

"The feelings of consideration, kindness and generosity which have been evinced towards the Lahore State by the Right Hon'ble the Governor General, and His Excellency's respect for the former friendship of the British Government with the late Maharaja Runjeet Sing, have been communicated to me through Mr. Secretary Currie and yourself, and have caused me to feel most grateful."

"Certain important matters will now be represented to you by the following confidential personages:

Bhaiee Ram Sing,
Raja Lal Sing,
Sirdar Tej Sing,
Dewan Deena Nath,
Fukeer Nooroodeen,

and you, who are the Guardian of the perpetual friendship of the two Governments, will represent these matters to the Governor General, and will doubtless use your endeavours to procure a favorable decision regarding them."

"The Lahore Government, it is known, is endeavouring to arrange its affairs, and it is necessary that effectual measure should be taken to prevent the recurrence of any disturbances. With this view it is very desirable that some British Regiments with Artillery and Officers should be directed to remain at Lahore, for a few months, for the protection of the State. After affairs have been satisfactorily settled, and the period which may be fixed upon expired the British Troops will then return."

To the above paper the following reply was made verbally, and was, at the request of the Minister and Chiefs, written down and given to them.

"The letter from the Maharaja to Major Lawrence, expressing gratitude to the Governor General, has been read in presence of the Minister and Chiefs of the Durbar—at the close of that letter it is requested that a British Force may be left at Lahore for a limited period."

"Upon this it is to be observed that from the wording of the letter it is not evident that the retention of a British Force at Lahore is sincerely and urgently desired by the Lahore Government, and the nature of the disturbances, which are to be provided against, are not specifically described. In so important a matter general expressions are out of place. The British Government desires to exercise no interference with the Government of Lahore after the Treaty of Peace is concluded, and the Governor General is not willing to have any concern with the Lahore Government, or to accede to any measure not provided for by the Treaty. This has been repeatedly explained to the Lahore Durbar. If, therefore, for any special reason, and on any particular account the assistance and intervention of the British Government are desired by the Lahore Durbar, the facts should have been more distinctly stated in the Khurreeta, and the causes which render such aid indispensable should have been given in detail. However as the Maharaja has authorized the Chiefs, named in the Khurreeta and who are now present, to make known all the particulars of the case, they should now state all the circumstances in full."

The Minister and Chiefs after consultation read aloud the substance of the paper of which the following is a translation—but requested that it might be put in the form of a Khurreeta from the Maharaja and sent in the evening. A communication was then made to the Governor General who determined that a British Force should, under certain conditions, to be entered in a separate engagement, occupy Lahore for a limited time, the Treaty was then signed by the Commissioners and the meeting broke up.

Translation of Document alluded to in preceding paragraph, afterwards sent from the Durbar in a formal Khurreeta with the seal of the Maharaja.

"All the circumstances regarding the disorganization of the Government of Lahore since the

demise of the late Maharaja Runjeet Sing until the present time are well known to the British Government."

"The satisfactory settlement of affairs—the discharge of the disturbers of public peace, and the re-organization of the Army under the stipulations of the new Treaty are now engaging consideration. But lest after the departure of the British Forces the evil disposed should create fresh disturbances and endeavour to ruin the State, it is the earnest and sincere desire and hope of the Lahore Durbar that British Troops with intelligent Officers should, for some months, as circumstances may seem to require, be left at Lahore for the protection of the Government, and the Maharaja, and the inhabitants of the City. When affairs have been satisfactorily settled and the period prescribed for the stay of the British Force shall have expired the Troops may then be withdrawn."

GENERAL ORDER BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT.

CAMP LAHORE, *the 8th March*, 1846.

The Treaty of Peace between the British Government and that of His Highness the Maharaja Dhuleep Sing has been signed.

The Treaty will be ratified by the Governor General in presence of the Maharaja and the Seikh Chiefs, to-morrow afternoon the 9th instant, at 4 o'clock, in the Governor General's Tent.

The Governor General invites His Excellency the Commander in Chief, His Excellency the Governor of Scinde, with their personal Staff, to attend on this occasion; also the Generals of Divisions, the Brigadiers, the Head of each Department, and all Officers Commanding Corps with one Native Officer from every Regiment.

His Highness the Maharaja Dhuleep Sing will be received by a Salute of 21 Guns: the street leading to the Governor General's Tent will be lined by Detachments of the Regiments, according to the orders which His Excellency the Commander in Chief will be pleased to issue.

The following day the Governor General will pay His Highness the Maharaja a visit of congratulation on the restoration of Peace between the two Governments, and will leave the Camp for that purpose at 3 o'clock. The Escort will be fixed in the General Order of His Excellency the Commander in Chief.

The 36 pieces of Seikh Artillery, which were pointed against the British Army, have been surrendered and brought into Camp. The disbandment of the Seikh Army, its re-organization on the same rate of pay as in the time of the late Maharaja Runjeet Sing, and the limitation of its numbers, have been settled by the Treaty.

At the earnest solicitation of the Government of the Maharaja Dhuleep Sing, the Governor General has consented to occupy the Citadel and Town of Lahore by British Troops for a limited period, that opportunity may be afforded the Lahore Government of completing the re-organization of its Army according to the stipulations of the Treaty.

If by the good offices of the British Government peace and order can take the place of the Military anarchy and misrule, by which the Seikh nation has been brought to the verge of dissolution, the Governor General will rejoice that the co-operation of the British Government, by the aid of its faithful Army, shall have been successful in effecting that object; it is the strongest proof which the British Government can give of the sincerity of its desire to see a Seikh Government re-established. The British Government having afforded the protection desired, the Troops will be withdrawn before the end of the year. The detail of the force will be determined between the Governor General and His Excellency the Commander in Chief; during the period of occupation the Native Troops will continue to receive Scinde Pay and Allowances.

It is by the valour and discipline of the British Troops, led by their distinguished Commander, that these important and complete successes have been gained, and the Governor General is confident, that during the temporary occupation of the fortified Town of Lahore the Troops will prove, by their good conduct, that they are as generous and humane after Victory, as they are brave and invincible in the Field of Battle.

By order of the Right Honorable the Governor General,

Secretary to the Govt. of India,
with the Govr. General.

Memorandum of the Proceedings of a Durbar held at Lahore on the 9th March, 1846.

At 4 p. m. of the 9th March, a Public Durbar was held in the State Tent of the Right Hon'ble the Governor General, at which His Excellency the Commander in Chief and Staff, His Excellency the Governor of Scinde and Staff, with the British and Native Officers, invited in the Governor General's Order dated 8th instant, attended.

The young Maharaja of Lahore, attended by the Minister Raja Lal Sing, Raja Golab Sing, the Commander in Chief of the Lahore Army, Sirdar Tej Sing, and about thirty other Sirdars and Civil Officers, with their Suites, being present.

After the Treaty of Peace was ratified and exchanged with the usual ceremonies, the Governor General addressed the Chiefs in the following terms—the address being translated sentence by sentence by the Secretary to the Government of India, Mr. F. Currie.

"On this occasion of ratifying the Treaty of Peace between the British Government and Maharaja Dhuleep Sing in the presence of His Excellency the Commander in Chief, His Excellency the Governor of Scinde, and the Officers of the British Army on the one hand, and of the Sikh Chiefs on the other,—I have to repeat the assurances which have so often been given by me and by my Predecessors of our desire, that Peace and Friendship may always subsist between the two Governments."

"The British Government desires to see a Sikh Government re-established which may be able to control its Army, protect its subjects, and willing to respect the rights of its neighbours."

"By this Treaty the Lahore Government has sufficient strength to resist and punish any Native Power which may venture to assail it, and to put down all internal commotions."

"Wisdom in council and good faith in fulfilling its engagements, will cause the Sikh Government

to be respected and enable it to preserve its national independence."

"For 40 years it was the Policy, in Runjeet Sing's time, to cultivate friendly relations between the two Governments, and during the whole of that period the Sikh Nation was independent and happy. Let the Policy of that able man towards the British Government be the model for your future imitation."

"The British Government in no respect provoked the late war. It had no objects of aggrandizement to obtain by hostilities. The proof of its sincerity is to be found in its moderation, in the hour of Victory."

"A just quarrel followed by a successful war has not changed the Policy of the British Government. The British Government does not desire to interfere in your internal affairs. I am ready and anxious to withdraw every British Soldier from Lahore—at the earnest solicitation of the Sikh Government I have reluctantly consented to leave a British Force in Garrison at Lahore, until time shall have been afforded for the re-organization of the Sikh Army, by which assistance the stipulations of the Treaty may be more easily carried into effect."

"In no case can I consent that the British Troops shall remain in Garrison for a longer period than the end of this year."

"I state this publicly that all the world may know the truth and the motives by which I am actuated in this matter."

"The Sikh Army must, according to the Treaty, be immediately re-organized by reverting to the same system and rate of pay as in Runjeet Sing's time."

"If the friendly assistance now afforded by the British Government be wisely followed up, and honest exertions made by the Chiefs without delay, you will become an independent and prosperous State."

"The success or failure is in your own hands—my co-operation shall not be wanting, but if you neglect this opportunity no aid on the part of the British Government can save the State."

"I leave my Political Agent, Major Lawrence, assisted by Major McGregor and a most able General Officer, Sir John Littler, to command the British Troops. These Officers possess my entire confidence."

"Again, I repeat my anxious desire is to see a Sikh Government strong and respected, an obedient Army, patriotic Chiefs and a happy people."

"I trust the reign of the Maharaja will be long and prosperous—and celebrated for the happiness of his people under a just and pacific Government."

At the close of this address the Sirdars expressed in warm terms their gratitude to the Governor General, and their resolution to follow the advice His Excellency had given them.

The usual Presents were then given after which the Durbar broke up.

Treaty between the British Government and the State of Lahore.

Whereas the Treaty of Amity and Concord, which was concluded between the British Government and the late Maharaja Runjeet Sing, the Ruler of Lahore, in 1809, was broken by the unprovoked aggression, on the British Provinces, of the Sikh Army in December last. And Whereas, on that occasion, by the Proclamation dated 13th December, the Territories then in the occupation of the Maharaja of Lahore, on the left or British bank of the River Sutlej, were confiscated and annexed to the British Provinces; and since that time hostile operations have been prosecuted by two Governments, the one against the other, which have resulted in the occupation of Lahore by the British Troops. And Whereas it has been determined that, upon certain conditions, Peace shall be re-established between the two Governments, the following Treaty of Peace between the Hon'ble English East India Company and Maharaja Dhuleep Sing Bahadoor, and his Children, Heirs and Successors, has been concluded on the part of the Honorable Company by Frederick Currie, Esquire, and Brevet Major Henry Montgomery Lawrence, by virtue of full powers to that effect vested in them by the Right Hon'ble Sir Henry Hardinge, G. C. B., one of Her Britannic Majesty's Most Hon'ble Privy Council, Governor General, appointed by the Hon'ble Company to direct and controul all their affairs in the East Indies, and on the part of His Highness Maharaja Dhuleep Sing by Bhaee Ram Sing, Rajah Lal Sing, Sirdar Tej Sing, Sirdar Chuttur Sing Attareewalla, Sirdar Runjore Sing Majeethia, Dewan Deena Nath and Fakeer Nooroodeen, vested with full powers and authority on the part of His Highness.

ARTICLE I.

There shall be perpetual Peace and Friendship between the British Government on the one part, and Maharaja Dhuleep Sing, his Heirs and Successors on the other.

ARTICLE II.

The Maharaja of Lahore renounces for himself, his Heirs and Successors, all claim to, or connection with, the Territories lying to the South of the River Sutlej, and engages never to have any concern with those Territories or the inhabitants thereof.

ARTICLE III.

The Maharaja cedes to the Honorable Company, in perpetual Sovereignty, all his Forts, Territories and Rights, in the Doab or Country, Hill and Plain, situated between the Rivers Beas and Sutlej.

ARTICLE IV.

The British Government having demanded from the Lahore State, as indemnification for the expences of the War, in addition to the cession of Territory described in Article III., payment of one and half Crore of Rupees, and the Lahore Government, being unable to pay the whole of this sum at this time, or to give Security, satisfactory to the British Government for its eventual payment, the Maharaja cedes to the Hon'ble Company, in perpetual Sovereignty, as equivalent for one Crore of Rupees, all his Forts, Territories, Rights and Interests in the Hill Countries which are situated between the Rivers Beas and Indus, including the Provinces of Cashmere and Hazarah.

ARTICLE V.

The Maharaja will pay to the British Government the sum of 50 Lacs of Rupees on or before the ratification of this Treaty.

ARTICLE VI.

The Maharaja engages to disband the mutinous Troops of the Lahore Army, taking from them their Arms—and His Highness agrees to re-organize the Regular or Aeen Regiments of Infantry, upon the system, and according to the Regulations as to Pay and Allowances, observed in the time of the late Maharaja Runjeet Sing. The

Maharaja further engages to pay up all arrears to the Soldiers that are discharged, under the Provisions of this Article.

ARTICLE VII.

The Regular Army of the Lahore State shall henceforth be limited to 25 Battalions of Infantry, consisting of 800 Bayonets each—with Twelve Thousand Cavalry—this number at no time to be exceeded without the concurrence of the British Government. Should it be necessary at any time —for any special cause—that this Force should be encreased, the cause shall be fully explained to the British Government, and when the special necessity shall have passed, the Regular Troops shall be again reduced to the standard specified in the former Clause of this Article.

ARTICLE VIII.

The Maharaja will surrender to the British Government all the Guns—thirty-six in number—which have been pointed against the British Troops—and which, having been placed on the right bank of the River Sutlej, were not captured at the Battle of Subraon.

ARTICLE IX.

The controul of the Rivers Beas and Sutlej, with the continuations of the latter River, commonly called the Gurrah and the Punjnud, to the confluence of the Indus at Mithunkote—and the controul of the Indus from Mithunkote to the borders of Beloochistan, shall, in respect to Tolls and Ferries, rest with the British Government. The Provisions of this Article shall not interfere with the passage of Boats belonging to the Lahore Government on the said Rivers, for the purposes of Traffic or the conveyance of passengers up and down their course. Regarding the Ferries, between the two countries respectively, at the several Ghats of the said Rivers, it is agreed that the British Government, after defraying all the expences of management and establishments, shall account to the Lahore Government for one-half of the net profits of the Ferry Collections. The Provisions of this Article have no reference to the Ferries on that part of the River Sutlej, which forms the boundary of Bhawulpore and Lahore respectively.

ARTICLE X.

If the British Government should, at any time, desire to pass Troops through the Territories of His Highness the Maharaja for the protection of the British Territories, or those of their Allies, the British Troops shall, on such special occasion, due notice being given, be allowed to pass through the Lahore Territories. In such case the Officers of the Lahore State will afford facilities in providing Supplies and Boats for the passage of Rivers, and the British Government will pay the full price of all such Provisions and Boats, and will make fair compensation for all private property that may be endamaged. The British Government will moreover observe all due consideration to the religious feelings of the inhabitants of those tracts through which the Army may pass.

ARTICLE XI.

The Maharaja engages never to take, or retain in his service, any British subject—nor the subject of any European or American State—without the consent of the British Government.

ARTICLE XII.

In consideration of the services rendered by Rajah Golab Sing, of Jummoo, to the Lahore State, towards procuring the restoration of the relations of Amity between the Lahore and British Governments, the Maharaja hereby agrees to recognize the independent Sovereignty of Rajah Golab Sing in such Territories and Districts, in the Hills, as may be made over to the said Raja Golab Sing, by separate Agreement between himself and the British Government, with the dependencies thereof which may have been in the Raja's possession since the time of the late Maharaja Khurruck Sing and the British Government, in consideration of the good conduct of Raja Golab Sing, also, agrees to recognize his independence in such Territories, and to admit him to the privileges of a separate Treaty with the British Government.

ARTICLE XIII.

In the event of any dispute or difference arising between the Lahore State and Raja Golab Sing, the same shall be referred to the Arbitration of the British Government, and by its decision the Maharaja engages to abide.

ARTICLE XIV.

The limits of the Lahore Territories shall not be, at any time, changed without the concurrence of the British Government.

ARTICLE XV.

The British Government will not exercise any interference in the internal administration of the Lahore State—but in all cases or questions which may be referred to the British Government, the Governor General will give the aid of his advice and good offices for the furtherance of the interests of the Lahore Government.

ARTICLE XVI.

The subjects of either State shall, on visiting the Territories of the other, be on the footing of the subjects of the most favored nation.

This Treaty, consisting of Sixteen Articles, has been this-day settled by Frederick Currie, Esquire, and Brevet Major Henry Montgomery Lawrence, acting under the directions of the Right Hon'ble Sir Henry Hardinge, G. C. B., Governor General, on the part of the British Government, and by Bhaee Ram Sing, Raja Lal Sing, Sirdar Tej Sing, Sirdar Chutter Sing Attareewalla, Sirdar Runjore Sing Majeethia, Dewan Deena Nath, and Fuqueer Noorooddeen, on the part of the Maharaja Dhuleep Sing, and the said Treaty has been this-day ratified by the Seal of the Right Hon'ble Sir Henry Hardinge, G. Memorandum of a State Visit paid by the Governor General to the Maharaja of Lahore in His Highness' Palace on the 10th March, 1846.

On the afternoon of the 10th March, the Governor General, attended by His Excellency the Commander in Chief, His Excellency the Governor of Scinde, and the British Officers, who were present at the ratification of the Treaty on the 9th instant, paid a visit of congratulation to the Maharaja Dhuleep Sing at the Palace in Lahore. On this occasion Dewan Deena Nath, by the direction of the Minister and assembled Chiefs, read from a written paper an address, of which the following is a translation:

"It is impossible for us adequately to express the gratitude which we feel to the Governor General of his having determined to continue the ancient relations, which existed with the late Maharaja Runjeet Sing, and for his generosity, kindness and mercy in maintaining this Government."

"For the excellent advice which was given yesterday through kindness and friendship, to the assembled Sirdars, exhorting them to unanimity, prudence and good Government, we are also most grateful. We consider this good advice as having a direct tendency to effect the re-establishment of the Government of the Country. We have further to express our gratitude for arrangements having generously been made in compliance with our solicitations, for leaving a Garrison in Lahore of British Troops, with Major Lawrence and other trustworthy Officers, for our protection and of the City."

"These Troops will assuredly be honorably dismissed towards the Sutlej, upon a satisfactory settlement of affairs being effected, within the period prescribed for their stay.

"The various acts of generosity shewn by the Governor General on the present occasion entirely satisfy us, that His Excellency will ever maintain the same magnanimous and generous policy towards this State, and that, taking compassion on the extreme youth of the Maharaja, His Excellency will maintain all those friendly relations which existed in the time of the late Maharaja Runjeet Sing."

"After the presentation by the Maharaja of the usual offerings, the Governor General and Suite returned to Camp."

Note of the Proceedings of a Meeting of the Minister and Chiefs of the Lahore Durbar and the British Commissioners, held at the Tent of the Governor General's Agent on the 11th March, 1846.

On the forenoon of the 11th, the Minister and Chiefs of the Durbar attended at the Tent of the Governor General's Agent, when the following agreement was concluded and subsequently confirmed by the Right Honorable the Governor General.

Articles of Agreement concluded between the British Government and the Lahore Durbar on the 11th March, 1846.

Whereas the Lahore Government has solicited the Governor General to leave a British Force at Lahore, for the protection of the Maharaja's person and of the Capital, till the re-organization of the Lahore Army according to the provisions of Article VI. of the Treaty of Lahore dated the 9th instant, and whereas the Governor General has, on certain conditions, consented to the measure, and whereas it is expedient that certain matters concerning the Territories ceded by Articles III. and IV. of the aforesaid Treaty should be specifically determined, the following Eight Articles of Agreement have this-day been concluded between the aforementioned contracting parties.

ARTICLE I.

The British Government shall leave at Lahore, till the close of the current year, A. D. 1846, such force as shall seem to the Governor General adequate for the purpose of protecting the person of the Maharaja and the inhabitants of the City of Lahore, during the re-organization of the Sikh Army in accordance with the provisions of Article VI. of the Treaty of Lahore. That force to be withdrawn at any convenient time before the expiration of the year, if the object to be fulfilled shall, in the opinion of the Durbar, have been attained—but the force shall not be detained at Lahore beyond the expiration of the current year.

ARTICLE II.

The Lahore Government agrees that the Force, left at Lahore for the purpose specified in the foregoing Article, shall be placed in full possession of the Fort and the City of Lahore, and that the Lahore Troops shall be removed from within the City. The Lahore Government engages to furnish convenient quarters for the Officers and men of the said Force—and to pay to the British Government all the extra expences in regard to the said Force, which may be incurred by the British Government, in consequence of the Troops being employed away from their own Cantonments, and in a Foreign Territory.

ARTICLE III.

The Lahore Government engages to apply itself immediately and earnestly to the re-organization of its Army according to the prescribed conditions, and to communicate fully with the British Authorities left at Lahore, as to the progress of such re-organization, and as to the location of the Troops.

ARTICLE IV.

If the Lahore Government fails in the performance of the conditions of the foregoing Article, the British Government shall be at liberty to withdraw the Force from Lahore, at any time before the expiration of the period specified in Article I.

ARTICLE V.

The British Government agrees to respect the bona fide rights of those Jagheerdars, within the Territories ceded by Articles III. and IV. of the Treaty of Lahore dated 9th instant, who were attached to the families of the late Maharajas Runjeet Sing, Kurruk Sing and Shere Sing—and the British Government will maintain those Jagheerdars in their bona fide possessions during their lives.

ARTICLE VI.

The Lahore Government shall receive the assistance of the British Local Authorities in recovering the arrears of Revenue, justly due to the Lahore Government from the Kardars and Managers in the Territories, ceded by the provisions of Articles III. and IV. of the Treaty of Lahore, to the close of the Khurreef harvest of the current year, viz. 1902 of the Sumbut Bikramajeeb.

2—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

JAS. SUTHERLAND, *Secy.*

ORDERS BY THE HON'BLE THE DEPUTY GOVERNOR OF BENGAL.

NOTIFICATION.

FORT WILLIAM,

THE 1ST APRIL, 1846.

The following Extracts from a Dispatch from the Hon'ble Court of Directors in the Revenue Department, No. 2, dated the 4th February 1846, respecting the experimental Government Tea Plantation in Assam, are published for general information:

Para. 3. "In your letter of the 29th July 1845, you express your opinion that the experiments in Assam may be said to have fully attained the objects which were anticipated at the period of their commencement. You state that a considerable amount of Capital has been embarked by Joint Stock Companies as well as private individuals, and that it no longer requires the aid of Government 'to induce parties to engage in an 'undertaking, which experience has fully shown, 'promises, under proper and economical ma-'nagement, to be highly remunerative,' and you therefore request permission to dispose of the Government Plantations on the best terms procurable for them.

Para. 4. "The information contained in these proceedings is very satisfactory and gratifying to us. The sales of the Tea, both in Calcutta and London, judging from the Statement of the cost* per lb. forwarded with your letter under reply, confirm the opinion you have expressed, that the article may, under proper management, be cultivated at a remunerative price, and we accede to your proposal that the Government should withdraw from any further connexion with the cultivation or manufacture of Tea in Assam.

* Cost of the Tea Crop of 1845 (90,000 lbs.) is given at 14 Annas per lb. including culture, making, packing, superintendence, freight, insurance, and all incidental expenses.

Para. 5. "With reference to the reasons assigned by the Superintendent of the Seharunpore Botanical Garden, in his letter to the Secretary to the Lieutenant Governor of the North Western Provinces, dated 25th November 1844, for declining to introduce the cultivation of the Tea Seeds of Assam into the Hill Nurseries; we are of opinion, that the Nurseries established exclusively for the cultivation of plants and seeds procured from China, should continue to be kept up under the control, and at the cost of Government, with the view of securing to the Tea Planters a supply of exotic Seed, and thereby encouraging the manufacture of this description of Tea, which Dr Jameson pronounces to be very superior to that obtained from the Assam Plants.

Para. 6. "In withdrawing from the experiments which have been conducted to a successful issue on the part of the East India Company, we shall be glad to transfer the remaining Government Plantations in Assam to the Assam Company, or any other purchasers, on the best terms procurable.

Para. 7. "We direct that a copy of para. 5 of the present despatch, and of the letter of Dr. Jameson dated 25th November 1844, be made public, for the information of the Cultivators of Tea in Assam."

FROM WM. JAMESON, ESQUIRE,
Superintendent Botanical Gardens,
North Western Provinces,

TO A. SHAKESPEAR, ESQUIRE,
Assistant Secretary to Government,
North Western Provinces.

CAMP BARRELLY, *25th November*, 1844.

SIR,

I have the honor to acknowledge the receipt of your letter No. 1054, dated 16th instant, intimating that there is a large quantity of Assam Tea Seeds at the disposal of the Government of Bengal, and requesting to be informed whether any are wanted for the Tea Plantations in Kumaon. In reply, I beg to state, that, it would not be desirable to introduce the Assam Tea Plant in Kumaon, as the Tea manufactured from it is of a very inferior description to that procured from the Plant now thriving admirably in the N. E. Hill Nurseries. Several packages of Assam Seeds have been transmitted by Major Jenkins, and these have been sown, in order to see whether the Assam Tea Plant can be improved by a change of habitation; but in sowing Seeds, for the purpose of procuring improved varieties, (to use the words of the first authority in England, Dr. Lindley), 'care should be taken not only 'that the Seeds be taken from the finest existing 'kind, but also that the most handsome, the 'largest, and the most perfectly ripened specimens 'should be those that supply the Seeds. A seed-'ling will always partake more or less of the cha-'racter of its parent, the qualities of which are 'concentrated in the embryo, when it has arrived 'at full maturity.' Such being the general opinion of Botanists, I therefore beg respectfully to decline the offer of the Assam Seeds as their general introduction would no doubt be attended with more detriment than good. All the Plants in the Nurseries in Kumaon and Ghurwall have been raised from Seeds procured from the original Plants imported from China by Government, through Dr. Gordon, in 1834-35, and the supply of Seeds yielded this season amounts to about 4 or 5 lacs, all of which have been sown; and vast numbers are already germinating.

I have, &c.,

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

FORT WILLIAM, 27*th March*, 1846.

No. 103 of 1846.—The Hon'ble the President in Council is pleased to publish for general information the following Rules connected with the Free Passages of Officers on board Government River Steamers:

On the publication at the Presidency of General Orders posting young Officers to Corps—or, pending their being posted of—Division Orders directing them to do duty with particular Regiments—the Superintendent of Cadets in Fort William—in communication with the Marine Department, will adopt measures for securing for such Officers the requisite accommodation by the first available Government Steamers leaving Calcutta for the North Western Provinces. Their passages will be taken to River Stations as far as Allahabad for unposted Cornets, or Benares for unposted Ensigns—it not being intended that the former should, under any circumstances be permitted to do duty with Cavalry Corps above Cawnpore—or the latter with Infantry Regiments higher than Benares.

The Superintendent of Cadets will report the departure by Government Steamers of young Officers to the Fort Adjutant at Allahabad—or to Station Staff Officers at intermediate Cantonments, who in communication with Post Masters, will make arrangements for forwarding the Officers without delay by Dâk to their respective Corps.

On the arrival of the young Officers by a Steamer or Accommodation Boat at the River Station to which destined—they will furnish the Commander with Certificates of their having been accommodated for the number of days occupied on the passage, mentioning the places of departure and arrival. Should any Officer, on arrival, find that his destination has been changed to one more distant from the Presidency, he will furnish the Commander of the Boat with an authenticated copy of the General, Division, or Station Order, directing the change, and after arriving at the River Station nearest to his new locality, will give him a Certificate of the description above mentioned.

In like manner, a young Officer who may have been doing duty at a Station lower than Allahabad—on being posted to a Corps at another Cantonment, either nearer to, or more distant from, the Presidency, is to be taken by the first available Government Steamer or Accommodation Boat, to the River Station nearest the location of his own Regiment—on the application of the Commanding Officer of the Corps with which he did duty.

The Certificates granted by Officers will be handed over by the Commanders of the respective Government Boats to the Marine Department, which will thereby be enabled to debit the Military Department in account with the earnings of the Steamers and render unnecessary all separate Bills and demands for the passages of the young Officers in question.

No Officers are entitled to free passages on Government River Steamers, but those proceeding for the *first time* to do duty with Corps, or such as may have been doing duty for a less period than 8 months and are subsequently posted, also Officers who may be proceeding in charge of Stores, Troops, or Treasure, passages for the former class of Officers are provided on the requisition of the Superintendent of Cadets—and for the latter on the production of an attested copy of the General, Divisional or Station Order directing the party to proceed on board on the duty indicated.

In all doubtful cases as to the title of any Officer to a free passage, the Marine Department will apply for information to the Audit Department.

It is to be clearly understood that the free passages in question refer only to the accommodation on board, and not to Table Money, which, under any circumstances, is payable by the parties themselves.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas.... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

GENERAL DEPARTMENT,

NORTH-WESTERN PROVINCES,

AGRA,

THE 2D APRIL, 1846.

With reference to the Orders of May 16th and August 2d 1838, December 27th 1839, and April 30th 1844, regarding the establishment of District Dawks; the following rules on the subject, drawn up by the Post Master General, are published for general information:

Letters will be received at every Thannah and Tehsildarry on the terms now notified by the Thannadar, Tehsildar, or such other Officer as the Magistrate and Collector may appoint for the purpose. Letters addressed to persons residing beyond the limits of the ordinary delivery of a Sudder Post Office, will be transmitted to them by the District Dawk, unless the persons to whom they are addressed make arrangements of their own with the Post Master for the transmission of their letters.

The sums collected as District Postage, under these rules, at the rate of 6 Pie (½ an Anna) on each letter, will be held in deposit by the Collector, and disbursed in such manner as with the concurrence of the Post Master General, may seem best calculated to improve the District Dawks in the Zillah.

Rules to be observed by Police Officers or others who may be authorized to receive and despatch letters.

1. Letters "bearing Postage" for despatch to any Station or Town in India, are to be received on payment of a District Postage of 6 Pie (½ an Anna) for each letter.

2. This District Postage must invariably be pre-paid by the Sender, and will be in addition to the regulated Government Postage from the nearest Post Office to the place of destination.

3. Letters for any places within the Zillah should, if possible, be forwarded direct to the Thannah or Tehsil nearest to the place of their destination. If there be no direct communication, such letters must be sent with those for places in other Districts to the Post Master of the Sudder Station.

4. All letters whatever, whether for places within the District or beyond it, must be entered in a Register according to the form annexed.

5. This Register will be closed at the end of each month, and forwarded to the Post Master of the Sudder Station, for inspection and verification

6. A Notice must be published in the Town, stating the hour at which the Thannah Dâk is despatched, and the hour at which the Thannah Post Office will be closed.

7. All letters must be despatched on the same day that they are received.

8. All letters which cannot be sent by direct route to their destination, will be enclosed in a bag, and sent by the Thannah Dâk to the Post Master of the Sudder Station, with a detailed list shewing the name of the person to whom each letter is addressed, and the place to which each is to be despatched.

9. All letters received from the Post Master must be delivered without any delay, and the Government Postage must be collected and recorded in the Receipt Register, the District Postage of ½ Anna on each letter being levied in addition to the Government Postage, and separately accounted for.

10. All Postage received on letters delivered or despatched, must be remitted regularly every Saturday to the Post Master of the Station.

11. The Chulans which will accompany letters for delivery must be returned to the Post Master on the day after their receipt, countersigned by the Officer who opened the Packet.

12. The Thannadar, or Tehsildar, as the case may be, will be responsible that no overcharge is made, and no unnecessary delay takes place in the delivery or despatch of letters.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)

Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office, The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office, The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office, The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

NOTICE is hereby given for general information, that the Mails for Suez, and the intermediate Ports, (Madras, Ceylon and Aden.) as well as for Penang, Singapore and Hong Kong, intended for transmission by the Peninsular and Oriental Company's Steam Vessel "Precursor," will be closed at this Office, on Saturday, the 2d proximo, and that an After Packet will be despatched hence on Sunday, the 3d idem, precisely at 1 P. NOTICE.

THE Public are hereby informed, that from the 1st proximo, comfortable accommodation for three Passengers, will be available in the new Mail Carts, which will run between Calcutta and Mungulpore, on the Benares Road, 55 Miles North of Burdwan.

The Carts are constructed of the best materials, and hung on elliptic springs, with moveable coverings of leather and canvas, to protect the Passengers from the sun and rain, when requisite.

Each Passenger will be allowed to take a small carpet bag of the following dimensions, length 16 inches, breadth 14 inches, and depth 8 inches. Bags expressly made for the purpose, of water-proof canvas, are procurable at Messrs. Maclarlane and Co., at Co's Rs. Four (4) each.

The Carts will leave the Post Office as the Cathedral Clock strikes Eight.

Parties in Calcutta wishing to avail themselves of the accommodation thus provided, will have the goodness to book their places at the General Post Office, two days before that on which they desire to start from Calcutta, stating precisely the number of seats required, and the point to which they are desirous of going.

Payment in Cash, or an approved reference, will be required at the time the places are booked.

The charge will be the same as that made for Dak Travellers, viz. (8) Eight Annas per Mile.

It is hoped, that the arrangements now made, and the low rates at which the accommodation is offered, will form the commencement of a new and improved system of travelling on the principal routes throughout Bengal, and if the public are found to avail themselves of the provision thus made for their convenience, further improvements will be effected forthwith, and still more perfect and commodious conveyances established.

When the state of the roads will admit, the whole line of road from Calcutta to Benares, will be furnished with similar or improved conveyances.

Sketches of the Mail Carts are annexed herewith.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

Post Master General

Calcutta, Genl. Post Office,

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

POST OFFICE NOTIFICATION.

P. and O. Steamers.

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz. and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ½ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3-6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18 No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

Post Master General.

The Carts are constructed of the best materials, and hung on elliptic springs, with moveable coverings of leather and canvas, to protect the Passengers from the sun and rain, when requisite.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Colqured Light, will be hoisted instead of the Ball.

Parties in Calcutta wishing to avail themselves of the accommodation thus provided, will have the goodness to book their places at the General Post Office, two days before that on which they desire to start from Calcutta, stating precisely the number of seats required, and the point to which they are desirous of going.

Payment in Cash, or an approved reference, will be required at the time the places are booked.

The charge will be the same as that made for Dak Travellers, viz. (8) Eight Annas per Mile.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

NOTICE.

THE Public are hereby informed, that from the 1st proximo, comfortable accommodation for three Passengers, will be available in the new Mail Carts, which will run between Calcutta and Mungulpore, on the Benares Road, 55 Miles North of Burdwan.

The Carts are constructed of the best materials, and hung on elliptic springs, with moveable coverings of leather and canvas, to protect the Passengers from the sun and rain, when requisite.

Each Passenger will be allowed to take a small carpet bag of the following dimensions, length 16 inches, breadth 14 inches, and depth 8 inches. Bags expressly made for the purpose, of waterproof canvas, are procurable at Messrs. Macfarlane and Co., at Co.'s Rs. Four (4) each.

The Carts will leave the Post Office as the Cathedral Clock strikes Eight.

Parties in Calcutta wishing to avail themselves of the accommodation thus provided, will have the goodness to book their places at the General Post Office, two days before that on which they desire to start from Calcutta, stating precisely the number of seats required, and the point to which they are desirous of going.

Payment in Cash, or an approved reference, will be required at the time the places are booked.

The charge will be the same as that made for Dak Travellers, viz. (8) Eight Annas per Mile.

It is hoped, that the arrangements now made, and the low rates at which the accommodation is offered, will form the commencement of a new and improved system of travelling on the principal routes throughout Bengal, and if the public are found to avail themselves of the provision thus made for their convenience, further improvements will be effected forthwith, and still more perfect and commodious conveyances established.

When the state of the roads will admit, the whole line of road from Calcutta to Benares, will be furnished with similar or improved conveyances.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

SIMLA, 25TH APRIL, 1846.

The Commander in Chief has placed before the Right Hon'ble the Governor General, certain papers connected with an investigation into an attempt made by some persons at Patna, professing to be emissaries of Native Princes, to tamper with the fidelity to the British Government of the Native Regiments at Dinapore, and in the vicinity of that Station.

The proceedings of the parties implicated have been mainly brought to light by the judicious course pursued by Major F. Rowcroft, Commanding the 1st Regiment of Native Infantry, and the praiseworthy conduct of Subadar Sewa Tewary and Jemadar Motie Misser, of that Corps. These excellent Native Officers immediately communicated to their Commanding Officer the endeavours that had been made to seduce them from their allegiance; and under the direction of Major Rowcroft, they have completely succeeded in producing abundant evidence to insure the conviction and punishment of the guilty.

Such conduct is worthy of, and does honor to, the high character for fidelity which the Soldiers of the Native Army of Bengal have established for themselves, and it is not less creditable to them than the gallantry they have displayed in the field of Battle.

In proof of the estimation in which the services of Subadar Sewa Tewary and Jemadar Motie Misser are held, the Right Hon'ble the Governor General, on the recommendation of His Excellency the Commander in Chief, is pleased to promote the former to the rank of Subadar Major, and the latter to that of Subadar. They are to be borne as Supernumeraries, in these grades, on the Returns of the 1st Regiment, whose ancient fame they have so creditably upheld.

The foregoing Order is to be read and explained at the head of every Native Regiment, Troop, and Company of the Army.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon, the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, where their Letters are *usually delivered*, some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be Hoisted instead of the Ball.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

NOTICE.

THE Public are hereby informed, that from the 1st proximo, comfortable accommodation for three Passengers, will be available in the new Mail Carts, which will run between Calcutta and Mungulpore, on the Benares Road, 55 Miles North of Burdwan.

The Carts are constructed of the best materials, and hung on elliptic springs, with moveable coverings of leather and canvas, to protect the Passengers from the sun and rain, when requisite.

Each Passenger will be allowed to take a small carpet bag of the following dimensions, length 16 inches, breadth 14 inches, and depth 8 inches. Bags expressly made for the purpose, of waterproof canvas, are procurable at Messrs. Macfarlane and Co., at Co's Rs. Four (4) each.

The Carts will leave the Post Office as the Cathedral Clock strikes Eight.

Parties in Calcutta wishing to avail themselves of the accommodation thus provided, will have the goodness to book their places at the General Post Office, two days before that on which they desire to start from Calcutta, stating precisely the number of seats required, and the point to which they are desirous of going.

Payment in Cash, or an approved reference, will be required at the time the places are booked.

The charge will be the same as that made for Dak Travellers, viz. (8) Eight Annas per Mile.

It is hoped, that the arrangements now made, and the low rates at which the accommodation is offered, will form the commencement of a new and improved system of travelling on the principal routes throughout Bengal, and if the public are found to avail themselves of the provision thus made for their convenience, further improvements will be effected forthwith, and still more perfect and commodious conveyances established.

When the state of the roads will admit, the whole line of road from Calcutta to Benares will be furnished with similar or improved conveyances.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Post Master General.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon, the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, where their Letters are *usually delivered*, some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

NOTICE is hereby given, that on Monday, the 18th day of May, 1846, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1844-45, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	2,200
Ditto of Benares ditto, ...	,,	800
Total Chests		3,000

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d.—If at the above Sale the entire quantity of 3,000 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot, or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 22d of May 1846, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expence whatsoever attending such Re-sale, shall be borne and paid by Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 22d May 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 22d May, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within one Calendar month from the day of Sale, that is to say, no Treasury Receipts will be accepted in payment after 4 P. 9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of Lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single Lots, or of a different number of Lots or Chests, whether more or less than the number of Lots or Chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser, and the Public Securities deposited will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time, a Deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to One Thousand Rupees per Lot, (or Two Hundred Rupees per Chest,) on each Lot so bid for.

12th.—The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency Opium to the extent of Fifty Lots, and for the Lots so purchased the Purchaser shall Deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always, that there remains a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

NOTICE.

THE Public are hereby informed, that from the 1st proximo, comfortable accommodation for three Passengers, will be available in the new Mail Carts, which will run between Calcutta and Mungulpore, on the Benares Road, 55 Miles North of Burdwan.

The Carts are constructed of the best materials, and hung on elliptic springs, with moveable coverings of leather and canvas, to protect the Passengers from the sun and rain, when requisite.

Each Passenger will be allowed to take a small carpet bag of the following dimensions, length 16 inches, breadth 14 inches, and depth 8 inches. Bags expressly made for the purpose, of waterproof canvas, are procurable at Messrs. Macfarlane and Co., at Co.'s Rs. Four (4) each.

The Carts will leave the Post Office as the Cathedral Clock strikes Eight.

Parties in Calcutta wishing to avail themselves of the accommodation thus provided, will have the goodness to book their places at the General Post Office, two days before that on which they desire to start from Calcutta, stating precisely the number of seats required, and the point to which they are desirous of going.

Payment in Cash, or an approved reference, will be required at the time the places are booked.

The charge will be the same as that made for Dak Travellers, viz. (8) Eight Annas per Mile.

It is hoped, that the arrangements now made, and the low rates at which the accommodation is offered, will form the commencement of a new and improved system of travelling on the principal routes throughout Bengal, and if the public are found to avail themselves of the provision thus made for their convenience, further improvements will be effected forthwith, and still more perfect and commodious conveyances established.

When the state of the roads will admit, the whole line of road from Calcutta to Benares, will be furnished with similar or improved conveyances.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

W. TAYLER,
Post Master General.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commer-

cial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office, for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

NOTIFICATION.

FOREIGN DEPARTMENT,

Simla,

THE 21ST MAY 1846.

The Governor General has much pleasure in directing the publication in General Orders of the accompanying Despatches from the Honorable the Secret Committee of the Court of Directors, dated the 31st March and 4th April last, conveying the expression of their sentiments of the skill and judgment displayed by Major General Sir H. Smith, K. C. B., and the conduct of the Troops employed under him, in the Battle of Aliwal—and tendering their thanks to the Governor General, to the Commander in Chief, and to all Officers and men engaged in the Battle of Sobraon.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,
Secretary to the Govt. of India,
with the Govr. Genl.

Extract from a Letter from the Hon'ble the Secret Committee of the Court of Directors, No. 1178, *dated London,* 31*st March* 1846.

"Whatever interruption the forward movement of the Sikhs from the River to Budhawul, may have given to the concentration of the whole of the Force entrusted to the charge of Sir Henry Smith, the object the Governor General had in view in directing that concentration was, by Sir Henry Smith's prudent and skilful manœuvres, as well as by the steadiness of his comparatively small body of men, effectually attained: and we admire the energy and promptitude with which he seized the earliest opportunity of attacking the enemy, and driving him across the Sutlej. All his movements were conducted with consummate skill, and the manner in which he brought his right to bear with irresistible effect upon the key of the Enemy's position at the Village of Aliwal, may justly rank amongst the most brilliant manœuvres of the most distinguished Commanders.

"Nobly seconded as Sir Henry Smith's plan of attack was, by all who had the good fortune to be under his command, success was never for a moment doubtful; and there are few instances, in the records of any Army, of a success more complete, or more obviously the result of perfect combination in the plan, and perfect harmony in the execution. All did their duty: all share the glory: and all have a right to claim the applause and admiration of their country.

"It is our duty to add, that the conduct of the Native Troops shews, in the most gratifying manner, how unsuccessful have been the Enemy's attempts to seduce our gallant Sepoys from their fidelity and allegiance.

"You will not fail to make generally known the sentiments, which we have expressed in this Despatch."

TO THE RIGHT HONORABLE
THE GOVERNOR GENERAL OF INDIA,
&c. &c. &c.

We have received with the warmest feelings of exultation, the interesting and important despatch from the Governor General of the 19th of February, giving an account of the glorious Victory over the Sikhs on the 10th of February.

2. All that had occurred in the previous operations of the Campaign had led us to anticipate such a result, whenever the moment for attack should appear to the Governor General and the Commander-in-Chief to have arrived.

3. We admire no less the judgment and prudence with which the preparations for the attack were made, than the undaunted vigour and resolution with which it was carried into effect.

4. The determined resistance of the Enemy in a position which had been skilfully fortified, and which presented the means of a powerful defence, would not have been overcome by any Troops animated by a less heroic spirit, than were those, who thus won for themselves an imperishable renown in the annals of their Country.

5. Fighting in a just and righteous cause, all ranks, European and Native, from the highest to the lowest, seem to have striven with each other in this great conflict, with a noble rivalship.

6. It has pleased God to crown their exertions with one of the greatest Victories ever achieved; and when we consider the skill and rapidity with which this achievement was improved by the immediate crossing of the Sutlej, the unopposed advance of the Army to the vicinity of Lahore, the state of submissive terror to which the Enemy was reduced, and the momentous consequences which are about to follow, we tender to the Governor General, to the Commander-in-Chief, and to all the Officers, and Men engaged in this glorious scene, our most cordial admiration, thanks, and gratitude.

We are, &c.,

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Post Master General.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

11th.—The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time, a Deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to One Thousand Rupees per Lot, (or Two Hundred Rupees per Chest,) on each Lot so bid for.

12th.—The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency Opium to the extent of Fifty Lots, and for the Lots so purchased the Purchaser shall Deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always, that there remains a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the Jurisdiction of the said Supreme Court shall be waived.

14th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1844-45, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Application having been made by the French Authorities for the 300 Chests of Opium deliverable to them, under the 6th Article of the Convention between Great Britain and France, dated 7th March 1815, in the proportions stated in the margin, it is hereby notified that in the event of the whole, or any portion of the Opium thus claimed by the French Government, not being cleared out within the limited period allowed for clearance, viz, one month from the date of the sale, such quantity of Opium (or any part thereof) as may remain uncleared, will be sold at the sale next ensuing the date of payment, or disposed of at a sale to be held expressly for that purpose.

GENERAL POST OFFICE NOTIFICATION.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

Revised Rules of Postage on Letters, &c. transmitted per Contract Steamers from and to Indian Ports.

AGREEABLY to the Instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and

sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.

No. 171 *of* 1846.—The following para. of a Military Letter, No. 29, from the Hon'ble the Court of Directors to the Governor of Bengal, dated 22d April 1846, is published for general information:

"Her Majesty's Government having recently adopted a New Pattern Cap for the Artillery and Infantry Service, differing in shape and of a reduced weight to those formerly in use, we have thought it desirable to introduce the same for our European Troops, and we have accordingly fixed upon the Royal Artillery Cap, as a suitable Pattern for both Artillery and Infantry of our Service: the Caps for the former being distinguished as heretofore by the Artillery Plate and Plume, and the latter, by the Infantry Plate and Ball Tuft. Caps of this Pattern will be provided upon the Annual Clothing Indent recently received. Officer's Caps will be gradually assimilated to the same Pattern, as those now in use are worn out."

AGREEABLY to the instructions of Government, the following rates of British Packet Postage, prescribed by a Treasury Warrant, issued under date the 11th September 1845, will be levied from the 1st of May 1846, on all Letters, Newspapers, Prices Current, or Printed Commercial Lists, conveyed from Port to Port in the East Indies, China, &c. by the new lines of Packet Boats, recently put in operation under the additional Contract made by Her Majesty's Government with the Peninsular and Oriental Steam Navigation Company.

On every Letter not exceeding Half Ounce in weight—One Shilling, or 8 Annas.

Above Half Ounce, and not exceeding One Ounce in weight—Two Shillings, or 1 Rupee.

Above One Ounce, and not exceeding Two Ounces in weight—Four Shillings, or 2 Rupees, and so on, increasing Two Shillings, or One Rupee, for every additional weight of One Ounce or any fraction thereof, according to the scale of weight now in operation in the United Kingdom.

On each Newspaper, whether British, Colonial or Foreign, conveyed between any of Her Majesty's Colonies and a Foreign Port, or between any two Foreign Ports (as for instance, between Calcutta and Manilla, or between Manilla and Macao) One Penny, or Eight Pie.

On each British or Colonial printed Price Current or printed Commercial List conveyed between any of Her Majesty's Colonies (as for instance between Calcutta and Madras) One Penny, or Eight Pie.

On each of the same, whether British, Colonial, or Foreign, conveyed between a British Colony and a Foreign Port, or between two Foreign Ports—Two pence, or 1 anna 4 pie.

The substitutes for the English weights have already been suggested in the Notification of 20th April 1845.

British or Colonial Newspapers passing by the Packets in question, between any of Her Majesty's Colonies, will not be liable to any Postage charge for the Sea conveyance.

The Pre-payment of the British Packet Postage is entirely optional with the sender in regard to Letters exclusively, and only when conveyed between the Indian Offices of Bombay, Aden, Madras, Calcutta, Penang, and Singapore, and the Islands of Ceylon and Hong Kong, or between any two of the Indian Offices above enumerated, but when despatched to a Foreign Country or Possession, such as China, Manilla, &c. &c., the amount of such Postage must always be paid in advance at the Posting Office.

The Postage chargeable on Newspapers and Price Currents or Commercial Lists transmitted by these Packet Boats, must (in all cases) be likewise paid in advance.

Each Newspaper, Price Current and Commercial List to be put under separate cover. Two or more under one or the same cover will not be received.

These rates are distinct from, and will be levied in addition to, the Indian Inland Postage, when any of the covers are posted at any of the Provincial Post Offices in the interior of the Country, and sent to this Office for despatch by the Packets above referred to, in progress to their respective ulterior destinations.

Parties wishing to pre-pay the optional postage, are particularly requested to be careful in superscribing such of their letters accordingly, as the omission of the term will be considered as an indication of their intention to send the letter bearing, or unpaid.
